MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence

FROM:
Director, Intelligence Community Staff

STAT

SUBJECT: Senior Interagency Group-Intelligence (SIG-I)

The attached Statement by the President on the National Security Council Structure (Attachment 1), dated January 12, 1982, calls for a permanent secretariat for the SIG-I. The wording of the Statement indicates that the secretariat should be "composed of personnel of the Central Intelligence Agency augmented as necessary by personnel provided in response to the Chairman's request by the Departments and Agencies represented on the SIG-I,...". But, I assume you would like the Intelligence Community Staff to continue to provide secretariat service inasmuch as the SIG-I is one of your Community responsibilities. If this is the case, I would recommend that you sign the attached memorandum (Attachment 2) to the Assistant to the President for National Security Affairs designating me as the Secretary of the SIG-I and his staff's point of contact. I will continue to oversee the SIG-I support personally, using my Special Assistant and substantive specialists to do the drafting of SIG-I materials when necessary.
